## COMMUNITY CENTER AND RECREATION EXPERIENCE

Project: **CREEKSIDE RECREATION CENTER**  
Saturn Corporation/UAW Local 1853  
Spring Hill, Tennessee

Client: Commonwealth Development Group  
Spring Hill, Tennessee

The \$3,500,000, 46,000 square foot structure is comprised of a full-court gymnasium with elevated running track and indoor pool. Amenities also include a cardio fitness room, aerobic exercise area, and shower and locker rooms.

Support areas include meeting rooms, food service, and administrative offices.

The partial second floor also provides administrative offices and meeting rooms for the UAW Local 1853. A Phase II addition later provided a Banquet Hall and supplemental conference/ meeting rooms.

Project: **RESORT AMENITIES CENTER**  
**WYNDHAM RESORTS**  
(Formerly Fairfield Properties)  
Nashville, Tennessee

Client: Fairfield Properties/Southeast Venture  
Nashville, Tennessee

The \$1,500,000, 14,000 square foot amenities center served the time-share condominium development located adjacent to the Opryland Hotel and Convention Center.

The facility included a guest reception lobby, front desk, administrative offices, and dining room. The fitness area was comprised of a cardio exercise room, sauna, indoor and outdoor pools, as well as shower and locker room facilities.

---

Project: **CRESTVIEW YMCA**  
Dickson, Tennessee

Client: Crestview Properties, LLC  
Dickson, Tennessee

Preliminary design is currently underway on a proposed YMCA facility to be located in the new Crestview Office Park development in Dickson, Tennessee.

The Phase One, 47,000 square foot facility includes Fitness/Exercise areas, full court Gymnasium, elevated running track, and indoor pool. Support services include administrative offices, community meeting rooms daycare, food service, and indoor/outdoor play areas.

Project: **MONROE COUNTY WELLNESS CENTER**  
Tompkinsville, Kentucky

Client: J&S Construction  
Cookeville, Tennessee

This 17,700 square-foot facility will house an indoor pool, a large cardio-fitness room, and various additional amenities, including a juice bar, locker rooms, multi-purpose room and first aid service. The exterior design and construction will compliment an adjacent existing county-owned structure, and will maximize cost efficiency and aesthetic appeal for the clients and users.
